## Medicaid Timeframes - NPI

---

- ❖ April 16, 2007 - July 30, 2007: Department has implemented a dual-use period. During this period, providers can use both their 9-digit Medicaid legacy provider number and their NPI on electronic claim transactions.
- ❖ Providers **must** continue to use their 9-digit legacy Medicaid provider number on claims submitted prior to July 30, 2007. The Program will adjudicate claims using the Maryland Medicaid legacy provider number prior to July 30, 2007.

## NPI / Legacy Reporting – Prior to July 30, 2007

---

### **Paper Claims – UB92:**

- Report your 9-digit pay-to Medicaid legacy provider number in FL 51 on the UB92.
- Report the 9-digit Attending Physician Medicaid ID in FL 82 on the UB92.

## NPI / Legacy Reporting – Prior to July 30, 2007

---

### **Electronic Claims:**

- Report 9-digit Medicaid legacy provider numbers in all provider number fields.  
**Medicaid will adjudicate claims based on the pay-to Medicaid ID.**
- NPI numbers can be submitted during this dual-use phase, but 9-digit Medicaid provider numbers **must** be reported.

## NPI / Legacy Reporting – After July 30, 2007

---

### **Paper Claims – UB04:**

- Report the 10-digit pay-to NPI number in FL 56 on the UB04.
- Report the 9-digit pay-to Medicaid legacy provider number in FL 57 on the UB04
- Report the 10-digit NPI Attending Physician ID in FL 76 on the UB04.

## NPI / Legacy Reporting – After July 30, 2007

---

### **Electronic Claims:**

- NPI must be sent in the Provider 837 loop's NM1 segment (NM109) along with the Medicaid ID in the REF 1D segment (REF02) until further notice
- Continue to submit the 9-digit pay-to Medicaid legacy provider number in the REF 1D segment after July 30th. During the dual use phase, the program will continue to use the legacy ID to adjudicate and pay claims until it determines the NPI can be successfully crosswalked to a Medicaid ID. As we proceed the program will determine when the dual use phase will be eliminated. Providers will be notified in advance.

## UB04 Timeframes - Paper Claims vs. Electronic

---

### **Paper Claims:**

- Prior to July 30, 2007 use the UB92 to submit paper claims.
  - UB04 claims will be returned.
- After July 30, 2007 the UB04 must be used to submit paper claims.
  - UB92 claims will be returned.

## UB04 Timeframes - Paper Claims vs. Electronic

---

### **Electronic Claims:**

- Prior to July 30, 2007, the use of the UB92 format is acceptable by Maryland Medicaid **electronically**.
- After July 30, 2007, only the UB04 format may be used.
